

Take control

Manage your diabetic conditions with ease

Everyone's experience with diabetes is different. With the Innovation Health Diabetes Management program, we deliver the right support to you at every step — no matter where you are in your health journey.

This program takes the guesswork out of diabetes management. We offer the support and tools you need to help you easily manage your health. Because with the right support, we believe you can do well.

It's time to take charge of your health

We're here to help — with the Innovation Health Diabetes Management program. The program is available to you and your eligible family members covered under your Innovation Health plan.* Our program will support you wherever you are on your diabetic health journey with services** like:

- Seamless care coordination between you, your primary care provider, and an Innovation Health nurse concierge, which improves your quality of care and health costs
- Virtual or in-person access to a series of two one hour classes to review diet, activity, medication and blood glucose monitoring
- Diabetes education around endocrinology, insulin management, medical nutrition therapy, and continuous glucose monitoring
- A custom care team, including a personalized health coach, who creates an individualized care plan that will help you motivate, educate and track your health care journey.
